ABOUT ME

Architect dedicated to cultivating designs that prioritize human-centric, sustainable, vernacular, and visually appealing architectural solutions. With specialized expertise in Revit, I excel in architectural planning, design, and project management. I am seeking opportunities to collaborate with dynamic teams to create inspiring spaces that enrich communities and leave a lasting impact.

EDUCATION

2017-2023 Bachelor Degree | Tribhuvan University

Pulchowk Campus, IOE

Relevant coursework:

- Architectural Design, Building Technology, Structural Systems, History of Architecture, Urban Design
- Conducted research on Aging and Architecture
- Completed a thesis on GRUHAM: Living for The Elderly

2015-2017 High School Degree | HSEB

Makwanpur Multiple Campus

WORK EXPERIENCE

4/2021-9/2021 Trainee Architect

New Planet Engineering Services PVT. LTD.

- Collaborated closely with senior architects in the conceptualization and design development phases of various governmental projects, including hospitals, ward buildings, libraries, and schools.
- Assisted in the preparation of design presentations, architectural drawings, and project documentation for client review and approval.
- Coordinated with multidisciplinary teams, including engineers and consultants, to integrate various project elements seamlessly.

2021-2024 Freelancer

New Planet Engineering Services PVT. LTD./ Sunaulo Ghar Sansar

- Demonstrated expertise in 2D and 3D design for residential and commercial buildings.
- Collaborated with architectural firms to create detailed floor plans, elevations, and 3D visualizations.
